Character List:

- **Bex Andrews:** Bex is a 17-year-old girl. As a child, she pointed out her father being a serial killer also known as the Wife Collector. Her real name is Beth Anne Reimer.
- **Denise:** Denise is Bex's foster mom and doesn't know who Bex really is or her past.
- **Jackson Reimer:** Jackson is also known as The Wife Collector. He is Bex's father and was allegedly convicted of crime. He was convicted of killing women he met. He escaped jail before he went to trial.
- **Detective Shuster:** Detective Shuster was someone who was looking into Jackson's case. He knew who Bex really was and her past.
- **Michael:** Michael is Bex's foster dad and he doesn't know who Bex really is or about her past either.

Review:

Bex Andrews is your average 17-year-old girl from Kill Devil Hills, North Carolina – or so you would think. Her real name is Beth Anne Reimer from Raleigh, North Carolina. Beth's father was allegedly convicted of being a serial killer, also known as "The Wife Collector," and no thanks to her. She was the one who told the police without knowing. She was only a child! He apparently killed women he met. He escaped jail before he went on trial and Beth had no one stay with. She finally found a family ten years later, moved to Kill Devil Hills, and changed her name to Bex Andrews. Her foster mom and dad, Denise and Michael, didn't really know about her past. She met her boyfriend and new friends at Kill Devil Hills High School. She started to get mysterious notes about her dad, then bodies start to turn up at her new hometown, which made her rethink if he was really gone. Detective Shuster finds her and tells her that he believes her father is looking for her. Police now want to use her as bait to bring her father out. Now she's on the lookout for her father. This is the only chance to prove his innocence or she could be his next victim.

Twisted is a fictional mystery story about a girl whose father was convicted of killing women. This story makes you want to laugh and cry at the same time. Author Hannah Jayne pulls in the readers with this story. You get to go on a wild ride with her and find out many secrets about Beth's father that she never knew. You also find out if her father is really innocent or not. In this book, you go through many flashbacks. Beth's past is nothing compared to your average elementary kid! The ending of this book was not like your ordinary boring endings. You will definitely not regret reading this book if you love mystery, action, and friendship.
